

**KAY EL BAR**  
**Guest Ranch**

May 4, 2005

Dear Ted,

You were the first new staff person I met this season, Ted. I had a positive response then, and after working with you for the entire season, I feel even more so.

It was a genuine pleasure to watch you work in the corral. You treated your job with seriousness and showed a maturity beyond your years. You interacted with the guests in a positive way and were able to adjust to them. Being able to discuss the contents of Wickenburg's museum as well as joke and have fun shows a level of sophistication which I know guests appreciated and so do I.

You also took an inordinate amount of kidding and attention, Ted. You responded with a smile and let the breezes blow around you without getting ruffled. That's not always easy.

It was fun to watch you work with Miss Monroe demonstrating your abilities with horses as well as to observe your competence on a day to day basis.

Thanks much for your hard work and for being a part of our team. Please keep in touch as you move into the California chapter.

Sincerely,

*Nancy*
